PerkinElmer Opens its New Italy Head Office and Customer Knowledge Center in Milan

New Facility in Milan's Fast-Growing Scientific and Academic Community Broadens Customer Support Capabilities

WHAT: [PerkinElmer, Inc.](#), a global leader focused on the health and safety of people and the environment, today announced the opening of its new Italy head office and Customer Knowledge Center, which is located in the rapidly expanding scientific and academic district of Milano Bicocca University. The anticipated opening date is July 14, 2014.

The Center will serve as PerkinElmer's main sales, marketing and service facility for customers in Italy and other Southern European countries. For more than 56 years, PerkinElmer Italy has been providing human and environmental health solutions serving key markets in the region, including food, pharmaceutical, energy and chemical companies, along with government organizations and academic institutions.

WHERE: The new Italy head office and Customer Knowledge Center will be located at Viale dell'Innovazione 3, 20126, Milano MI:

Fax OneSource: +39 02 3601 2505
Website: www.perkinelmer.com

WHY: The Center features an expanded customer area where PerkinElmer's team of professionals can provide technical and application support, product demonstrations and training to customers.

"Opening this new facility in the heart of the innovative Bicocca district is an important strategic investment for PerkinElmer, enabling us to collaborate with the growing community of scientific and academic professionals located here," said Marco Buonaguidi, Managing Director, PerkinElmer Italy. "We look forward to inviting our customers and partners to visit and gain a hands-on understanding of our products and services."

MORE: PerkinElmer's offerings span a wide range of industry applications, including environmental monitoring, chemical and petrochemical analysis, food and beverage authenticity, nutritional and safety testing, pharmaceutical applications, therapeutic drug development, and neonatal and newborn screening.

PerkinElmer, Inc. is a global leader focused on improving the health and safety of people and the environment. The Company reported revenue of approximately \$2.2 billion in 2013, has about 7,600 employees serving customers in more than 150 countries, and is a component of the S&P 500 Index. Additional information is available through 1-877-PKI-NYSE, or at www.perkinelmer.com.
