PROXY STATEMENT

General

PerkinElmer, Inc. has prepared this proxy statement to provide our shareholders with information pertaining to the matters to be voted on at our annual meeting of shareholders to be held on Tuesday, April 24, 2007 at 10:30 a.m., at the company's corporate offices, located at 940 Winter Street, Waltham, Massachusetts, and at any adjournment of that meeting. The date of this proxy statement is March , 2007, the approximate date on which we first sent or gave the proxy statement and form of proxy to our shareholders.

This proxy is solicited on behalf of our board of directors. Our board of directors requests that you sign and return your proxy card promptly. You have the right to revoke your proxy and change your vote at any time prior to its exercise at the meeting by filing written notice with the Secretary of PerkinElmer, by signing and delivering a new proxy card bearing a later date, or by casting your vote in person at the meeting. **It is important to sign and return your proxy card.** It helps to establish a quorum so that the meeting may be held and permits your votes to be cast in accordance with your directions.

We will bear the expenses connected with this proxy solicitation. We expect to pay brokers, nominees, fiduciaries, and other custodians their reasonable expenses for forwarding proxy materials and annual reports to principals and obtaining their voting instructions. We have engaged Georgeson Shareholder Communications, Inc. of New York, New York to assist us in soliciting proxies from brokers, nominees, fiduciaries, and custodians and will pay Georgeson \$7,500 and out-of-pocket expenses for its efforts. In addition to the use of the mails, our directors, officers, and employees may, without additional remuneration, solicit proxies in person or by use of other communications media.

Our board of directors has fixed the close of business on February 26, 2007 as the record date for determining the shareholders entitled to receive notice of, and to vote their shares at, the meeting. On the record date, there were 121,588,965 shares of our common stock outstanding and entitled to vote. Each share of common stock carries the right to cast one vote on each of the proposals presented for shareholder action, with no cumulative voting.

We previously mailed to shareholders or are enclosing with this proxy statement our annual report to shareholders for 2006. The annual report is not part of, or incorporated by reference in, this proxy statement.

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of our proxy statement or annual report may have been sent to multiple shareholders in your household. We will promptly deliver a separate copy of either document to you if you request one by writing or calling as follows: PerkinElmer, Inc., 940 Winter Street, Waltham, Massachusetts 02451, Telephone: (781) 663-6900, Attention: Investor Relations. If you want to receive separate copies of our annual report and proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and phone number.

Proposals

The proposals being presented for shareholder action are set forth on your proxy card and are discussed in detail on the following pages. Shares that you have the power to vote that are represented by proxy will be voted at the meeting in accordance with your instructions indicated on the enclosed proxy card.

The first proposal is to elect nine directors for terms of one year each. You may grant or withhold authority to vote your shares to elect all nine nominees by marking the appropriate box on the proxy card. Should you desire to withhold authority to vote for one or more nominees, please identify the exceptions in the appropriate space provided on the proxy card. Your shares will be voted as you indicate on the proxy card. **If you sign and return your proxy card and make no indication on the proxy card concerning this item, your shares will be voted "FOR" electing all nine nominees named in this proxy statement.**

The second proposal is a proposal to ratify the selection of Deloitte & Touche LLP as our independent auditors for the current fiscal year ending December 30, 2007. The proxy card provides you with the opportunity

[Table of Contents](#)

to vote for or against this proposal or to abstain from voting on this proposal. Your shares will be voted as you indicate on the proxy card. **If you sign and return your proxy card and make no indication on the proxy card concerning this proposal, your shares will be voted “FOR” the second proposal.**

The third proposal is a proposal by the company to approve amendments to the company’s Articles of Organization and By-laws to authorize majority voting in uncontested director elections as further described on the following pages. The proxy card provides you with the opportunity to vote for or against this proposal or to abstain from voting on this proposal. Your shares will be voted as you indicate on the proxy card. **If you sign and return your proxy card and make no indication on the proxy card concerning this proposal, your shares will be voted “FOR” the third proposal.**

The fourth proposal is a shareholder proposal further described on the following pages. The fourth proposal will not be voted upon at the meeting unless it is presented by its proponents at the meeting. The proxy card provides you with the opportunity to vote for or against this proposal or to abstain from voting on this proposal. If this proposal is voted upon at the meeting, your shares will be voted as you indicate on the proxy card. **If you sign and return your proxy card and make no indication on the proxy card concerning this proposal, your shares will be voted “AGAINST” the fourth proposal.**

Management does not anticipate a vote on any other proposal at the meeting. If, however, another proposal is properly brought before the meeting, your shares will be voted in accordance with the discretion of the named proxies.

Votes Required

A majority in interest of all PerkinElmer common stock issued, outstanding and entitled to vote on each proposal being submitted for shareholder action at the meeting constitutes a quorum with respect to that proposal. Shares of common stock represented by executed proxies received by us will be counted for purposes of establishing a quorum, regardless of how or whether those shares are voted on the proposal. Therefore, abstentions and shares held in “street name” by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote those shares as to a particular proposal (which we refer to as “broker non-votes”) will be counted for purposes of determining whether a quorum exists at the meeting for that proposal.

The affirmative vote of the plurality of the votes cast at the meeting is required for the election of each of the nine directors. In other words, a candidate for director will be elected if he or she receives more votes than a competing candidate, even if the winning candidate does not receive a majority of the votes cast. Accordingly, shares withheld and broker non-votes, if any, will have no effect on voting on this proposal. The majority vote standard, if approved as described in the third proposal above, would be applicable to the election of the company’s directors at the 2008 annual meeting or any earlier uncontested election of directors.

The affirmative vote of the majority of the shares of common stock present or represented at the meeting and voting on the matter is required for the ratification of our independent auditors, and for approval of the shareholder proposal (if presented). Accordingly, shares abstaining and broker non-votes, if any, will have no effect on voting on these proposals.

The proposal to amend the company’s Articles of Organization and By-laws to authorize majority voting in uncontested elections of directors must be approved by the holders of two-thirds of the outstanding shares of common stock present or represented at the meeting. Accordingly, shares withheld and broker non-votes, if any, will have the effect of a vote against this proposal.

INFORMATION RELATING TO OUR BOARD OF DIRECTORS AND ITS COMMITTEES

Determination of Independence

Our common stock is listed on the New York Stock Exchange. Under current NYSE rules, a director of PerkinElmer qualifies as “independent” only if our board of directors affirmatively determines that the director has no material relationship with PerkinElmer, either directly or as a partner, shareholder or officer of an organization that has a relationship with PerkinElmer. In evaluating potentially material relationships, our board considers commercial, industrial, banking, counseling, legal, accounting, charitable and familial relationships, among others. Our board of directors has determined that none of Ms. Erickson, Messrs. Lopardo, Michas, Mullen, Schmergel, Sicchitano or Tod, or Dr. Sato has a material relationship with PerkinElmer, and each of these directors is “independent” as determined under Section 303A.02(b) of the NYSE Listed Company Manual.

Director Candidates

Our shareholders may recommend director candidates for inclusion by the board of directors in the slate of nominees the board recommends to our shareholders for election. The qualifications of recommended candidates will be reviewed by the nominating and corporate governance committee. If the board determines to nominate a shareholder-recommended candidate and recommends his or her election as a director by the shareholders, the name will be included on our proxy card for the shareholders meeting at which his or her election is recommended.

Shareholders may recommend individuals for the nominating and corporate governance committee to consider as potential director candidates by submitting their names, together with appropriate biographical information and background materials, and a statement as to whether the shareholder or group of shareholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to the “PerkinElmer Nominating and Corporate Governance Committee” c/o Office of the General Counsel, PerkinElmer, Inc., 940 Winter Street, Waltham, Massachusetts 02451. The nominating and corporate governance committee will consider a proposed director candidate only if appropriate biographical information and background material is provided on a timely basis. The process followed by the nominating and corporate governance committee to identify and evaluate candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of selected candidates by members of the nominating and corporate governance committee and the board of directors. Assuming that appropriate biographical and background material is provided for candidates recommended by shareholders, the nominating and corporate governance committee will evaluate those candidates by following substantially the same process, and applying substantially the same criteria, as for candidates submitted by board members.

In considering whether to recommend any candidate for inclusion in the board of directors’ slate of recommended director nominees, including candidates recommended by shareholders, the nominating and corporate governance committee will apply the criteria set forth in PerkinElmer’s corporate governance guidelines. These criteria include the candidate’s experience, skills, and independence. In evaluating a candidate’s experience and skills, the nominating and corporate governance committee may also consider qualities such as an understanding of technologies, marketing, finance, regulation and public policy and international issues. In evaluating a candidate’s independence, the nominating and corporate governance committee will consider the applicable independence standards of the New York Stock Exchange and such other factors as the committee deems appropriate. Under our By-laws, a director is deemed to have retired at the annual meeting of shareholders following the date he or she attains the age of seventy. The nominating and corporate governance committee will evaluate each director candidate in the context of the perceived needs of the board and the best interests of PerkinElmer and its shareholders. The nominating and corporate governance committee does not assign specific weights to particular criteria, and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow our board to fulfill its responsibilities.

[Table of Contents](#)

Shareholders also have the right under our By-laws to nominate director candidates directly, without any action or recommendation on the part of the nominating and corporate governance committee or our board, by following the process for shareholder proposals for election of directors set forth in our By-laws and discussed in “Shareholder Proposals for 2008 Annual Meeting,” below. Candidates nominated by shareholders in accordance with these procedures will not be included in our proxy card for the shareholder meeting at which his or her nomination is recommended.

Communications from Shareholders and Other Interested Parties

Our board of directors will give appropriate attention to written communications on issues that are submitted by shareholders and other interested parties, and will respond if and as appropriate.

Shareholders and other interested parties who wish to communicate with our entire board may do so by writing to Gregory L. Summe, Chairman of the Board, PerkinElmer, Inc., 940 Winter Street, Waltham, Massachusetts 02451. Shareholders and other interested parties who wish to communicate with our non-management directors should address such communications to G. Robert Tod, Lead Director, c/o Office of the General Counsel, PerkinElmer, Inc., 940 Winter Street, Waltham, Massachusetts 02451. Communications will be forwarded to other directors if they relate to substantive matters that the Chairman or the Lead Director, as the case may be, in consultation with our General Counsel, considers appropriate for attention by the other directors. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances or matters as to which PerkinElmer tends to receive repetitive or duplicative communications.

Board of Directors Meetings and Committees

Our board of directors has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The board’s primary responsibility is to oversee the management of the company and, in so doing, serve the best interests of our company and its shareholders. The board selects, evaluates and provides for the succession of our executive officers and, subject to shareholder election, directors. It reviews and approves corporate objectives and strategies, and evaluates significant policies and proposed major commitments of corporate resources. It participates in decisions that have a potential major economic impact on PerkinElmer. Management keeps the directors informed of company activity through regular written reports and presentations at board and committee meetings.

Our board of directors met seven times in fiscal 2006. During fiscal 2006, each director attended 75% or more of the total number of meetings of the board and the committees of which such director was a member. We expect, barring extenuating circumstances, that the members of the board of directors will attend our annual meetings of shareholders. In 2006, all directors but one attended our annual meeting of shareholders.

Our board of directors has appointed G. Robert Tod “Lead Director” to, among other responsibilities set forth in our corporate governance guidelines, preside at all executive sessions of “non-management” directors, as defined under the rules of the New York Stock Exchange. Our board holds executive sessions of non-management directors preceding or following each regularly scheduled board meeting.

Mr. Summe and Mr. Friel are the only directors who are also employees of PerkinElmer. They do not participate in any meetings at which their compensation is determined.

Our board’s standing committees are audit, executive, finance, nominating and corporate governance and compensation and benefits. Each committee has a charter that has been approved by the board. Each committee must review the appropriateness of its charter and perform a self-evaluation at least annually. You can access our committee charters, corporate governance guidelines, and standards of business conduct in the “Corporate Governance” section of the “Investor Corner” of our website, www.perkinelmer.com, or request a copy by writing to PerkinElmer, Inc., 940 Winter Street, Waltham, Massachusetts 02451, Attention: Investor Relations.

Audit Committee

Our audit committee assists the board of directors in overseeing the integrity of our financial statements, our compliance with legal and regulatory requirements, our independent auditor's qualifications and independence, and the performance of our internal audit function and independent auditors. The current members of our audit committee are Messrs. Sicchitano (Chair), Michas and Lopardo and Ms. Erickson. Our board of directors has determined that Mr. Sicchitano qualifies as an "audit committee financial expert" as defined by applicable rules of the Securities and Exchange Commission. Each of Messrs. Sicchitano, Michas and Lopardo and Ms. Erickson is an "independent director" under the rules of the NYSE governing the qualifications of the members of audit committees, including the additional independence requirements of Rule 10A-3 under the Securities Exchange Act of 1934. In addition, our board has determined that each member of the audit committee is financially literate and that Mr. Sicchitano has accounting and/or related financial management expertise as required under the rules of the NYSE. None of Messrs. Sicchitano, Michas or Lopardo or Ms. Erickson, serves on the audit committees of more than two other public companies. The audit committee held nine meetings during fiscal 2006.

Executive Committee

Our executive committee, which acts as needed during intervals between board meetings, has been delegated all of the powers of our board of directors, except those powers which by law or under our charter or By-laws the board is prohibited from delegating. The current members of the executive committee are Messrs. Summe (Chair), Tod, Schmergel and Sicchitano. The board has determined that each of Messrs. Tod and Sicchitano is independent as defined under the rules of the NYSE. Mr. Summe is our Chairman of the Board, Chief Executive Officer and President. Mr. Tod is our Lead Director. Our executive committee met one time during fiscal 2006.

Finance Committee

Our finance committee considers and approves the specific terms of debt and equity securities to be issued by PerkinElmer and indebtedness and off-balance sheet transactions to be entered into by PerkinElmer. The finance committee also considers and approves transactions affecting our capital structure. The current members of our finance committee are Messrs. Lopardo (Chair), Michas, Summe and Tod. The board of directors has determined that each of Messrs. Lopardo, Michas and Tod is independent as defined under the rules of the NYSE. Mr. Summe is our Chairman of the Board, Chief Executive Officer and President. Our finance committee held three meetings during fiscal 2006.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee identifies qualified director candidates, recommends to the board of directors the persons to be nominated by the board as directors at the annual meeting of shareholders, reviews and recommends changes to our corporate governance principles, and oversees the evaluation of the board. Our nominating and corporate governance committee also adopted and oversees our related party policy. The current members of the nominating and corporate governance committee are Messrs. Schmergel (Chair) and Mullen, Ms. Erickson and Dr. Sato. The board has determined that each of Messrs. Schmergel and Mullen, Ms. Erickson and Dr. Sato is independent as defined under the rules of the NYSE. The nominating and corporate governance committee is authorized to retain advisers and consultants and to compensate them for their services. The committee did not retain any such advisers or consultants during fiscal year 2006. For information relating to nominations of directors by our shareholders, see "Director Candidates" above. For information concerning our related party policy, see "Certain Relationships and Policies on Related Transactions" above. Our nominating and corporate governance committee met one time during fiscal 2006.

Compensation and Benefits Committee

Our compensation and benefits committee discharges the responsibilities of our board of directors relating to the compensation of our Chief Executive Officer and our other executive officers, and reviews and makes recommendations to the nominating and corporate governance committee regarding director compensation.

[Table of Contents](#)

The compensation and benefits committee also oversees the performance evaluation of our Chief Executive Officer by the board. In addition, the compensation and benefits committee grants stock options and other stock incentives to our officers, and administers our incentive, compensation and executive benefit plans.

The current members of the compensation and benefits committee are Messrs. Tod (Chair), Mullen, Schmergel, and Sicchitano. The board has determined that each of Messrs. Tod, Mullen, Schmergel, and Sicchitano is independent as defined under the rules of the New York Stock Exchange. Our compensation and benefits committee held seven meetings during fiscal 2006.

Our board of directors has adopted a charter for the compensation and benefits committee, which is available on the Company's website at www.perkinelmer.com by first clicking on "Investor Corner" and then "Corporate Governance." The charter is also available in print to any stockholder who requests it by contacting PerkinElmer, Inc., 940 Winter Street, Waltham, MA 02151, Telephone: (781) 663-6900, Attention: Investor Relations.

The committee has engaged Mercer Human Resource Consulting, which we refer to as Mercer, an external global human resources consulting firm, to conduct an annual review of its total compensation program for executive officers. The committee has also engaged Mercer to provide reviews of director compensation and other topics relevant to executive and board compensation. Mercer provides data and analyses that serve as the basis for setting executive officer and director compensation levels, and advises the committee on compensation decisions. Mercer also advises the committee on the structure of executive officer and director compensation programs which includes the design of incentive plans, and the forms and mix of compensation. In order to maintain objectivity and independence, Mercer does not provide other compensation consulting services to PerkinElmer without the prior approval of the chair of the compensation committee. Other units within Mercer may provide nominal services to PerkinElmer which are not related to compensation consulting.

The agenda for meetings of the compensation and benefits committee is proposed by the Chair of the compensation committee with assistance from our Chief Administrative Officer. Agenda topics are also proposed by committee members. Compensation and benefits committee meetings are regularly attended by our Chief Executive Officer and the Chief Administrative Officer, as well as the Mercer consultant. At each meeting, the committee meets in executive session without the Chief Executive Officer and Chief Administrative Officer present. The Mercer consultant attends executive session as requested by the committee. The committee's Chairman regularly reports the committee's recommendations on executive compensation to our board of directors.

Our human resources department also supports the committee in its duties. They, along with the Chief Executive Officer, the Chief Administrative Officer, and other officers may be delegated authority by the committee to fulfill certain administrative duties regarding compensation programs. The compensation and benefits committee has the authority under its charter to retain, review fees for, and terminate advisors and consultants as it deems necessary to assist in the fulfillment of its responsibilities.

Compensation Committee Interlocks and Insider Participation

As of December 31, 2006, the members of the compensation and benefits committee of our board of directors were Messrs. Tod (Chair), Mullen, Schmergel and Sicchitano. As part of a regular rotation of committee assignments, Mr. Schmergel replaced Mr. Lopardo on the compensation and benefits committee in April 2006.

None of our executive officers has served as a director or member of the compensation committee of any other entity while any executive officer of that entity served as a director or member of our compensation and benefits committee.

These are fees billed for professional services for tax compliance, tax advice and tax planning services. Tax compliance services which relate to preparation of original and amended non-US corporate income tax returns (fees for which amounted to \$1,200,000 in fiscal 2006 and to \$1,120,000 in fiscal 2005) and expatriate tax return preparation and assistance (fees for which amounted to \$360,000 in fiscal 2006 and \$361,000 in fiscal 2005) accounted for \$1,560,000 of the total tax fees paid for fiscal 2006 and \$1,481,000 of the total tax fees paid for fiscal 2005. All Other Fees

There were not any fees for other services in either fiscal 2006 or 2005.

Audit Committee's Pre-approval Policy and Procedures

The audit committee of our board of directors has adopted policies and procedures for the pre-approval of audit and non-audit services for the purpose of maintaining the independence of our independent auditors. We may not engage our independent auditors to render any audit or non-audit service unless either the service is approved in advance by the audit committee or the engagement to render the service is entered into pursuant to the audit committee's pre-approval policies and procedures. On an annual basis, the audit committee may pre-approve services that are expected to be provided to PerkinElmer by the independent auditors during the following 12 months. At the time such pre-approval is granted, the audit committee must (1) identify the particular pre-approved services in a sufficient level of detail so that our management will not be called upon to make a judgment as to whether a proposed service fits within the pre-approved services and (2) establish a monetary limit with respect to each particular pre-approved service, which limit may not be exceeded without obtaining further pre-approval under the policy.

On a semi-annual basis, our management provides the audit committee with an update of proposed services for pre-approval. Any additional services which fall outside the scope of the semi-annual review process require advance approval by the audit committee. The audit committee may delegate to one or more designated members of the committee the authority to grant pre-approvals of permitted services or classes of permitted services to be provided by the independent auditors. The decisions of a designated member to pre-approve a permitted service are reported to the audit committee at each of its regularly scheduled meetings. While controls have been established to identify all services rendered by the independent auditor, the audit committee recognizes that there may be some "de minimis" services provided that, while considered permitted services, may not be identified as non-audit services or reported immediately because of their "de minimis" nature. Such services may be approved prior to the completion of the audit by either the audit committee, or a designated member of the audit committee.

Certain Relationships and Policies On Related Transactions

The nominating and corporate governance committee of our board of directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which PerkinElmer, including any of its subsidiaries, is a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a "related party," has a direct or indirect material interest.

If a related party proposes to enter into such a transaction, arrangement or relationship, which we refer to as a "related party transaction," the related party must report the proposed related party transaction to our Senior Vice President and General Counsel. The policy calls for the proposed related party transaction to be reviewed, and if deemed appropriate, approved by the nominating and corporate governance committee of our board. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance

[Table of Contents](#)

review and approval is not practicable, the committee will review, and, in its discretion, may ratify the related party transaction. The policy also permits the chair of the committee to review, and if deemed appropriate, approve proposed related party transactions that arise between committee meetings, subject to ratification by the committee at its next meeting. Any related party transactions that are ongoing in nature will be reviewed annually.

A related party transaction reviewed under the policy will be considered approved or ratified if it is authorized by the committee after full disclosure of the related party's interest in the transaction. As appropriate for the circumstances, the committee will review and consider:

- the related party's interest in the related party transaction;
- the approximate dollar value of the amount involved in the related party transaction;
- the approximate dollar value of the amount of the related party's interest in the transaction, without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are proposed to be, or were, entered into on terms no less favorable to us than terms that could have been, or have been, reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the transaction;
- whether any alternatives were considered that would not have involved a transaction with a related party;
- any other information regarding the related party transaction or the related party in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

The committee may approve or ratify the transaction only if the committee determines that, under all of the circumstances, the transaction is in PerkinElmer's best interests. The committee may impose any conditions on PerkinElmer, in connection with the related party transaction, that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related party transaction disclosure rule, the committee has determined that the following transactions do not create a material direct or indirect interest on behalf of related parties, and therefore, are not related party transactions for purposes of this policy:

- interests arising solely from the related party's position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (a) the related party and all other related parties own in the aggregate less than a 10% equity interest in such entity, (b) the related party and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, (c) the amount involved in the transaction equals less than 2% of the annual consolidated gross revenues of each of PerkinElmer and the other entity that is a party to the transaction; and
- a transaction that is specifically contemplated by provisions of PerkinElmer's Articles of Organization or By-laws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the compensation and benefits committee in the manner specified in its charter.

NOTES

- (1) In addition to being available for future issuance upon exercise of options that may be granted after December 31, 2006, shares available for issuance under equity compensation plans, except for shares available for issuance under our 1998 Employee Stock Purchase Plan, may instead be issued in the form of restricted stock or other equity-based awards, subject to share limitations contained in those plans.
- (2) Includes 1,747,879 shares which remain issuable under our 1998 Employee Stock Purchase Plan, of which approximately 52,000 shares are issuable in connection with the current offering period, which ends on June 30, 2007. To the extent that any outstanding option under our 1999 Incentive Plan, 2001 Incentive Plan, or 2005 Incentive Plan, all of which were approved by shareholders, expires or is cancelled prior to its exercise in full, the shares of common stock for which such option is not exercised become available for future grant under our 2001 Incentive Plan, for options originally issued under either the 1999 Incentive Plan or the 2001 Incentive Plan, or under our 2005 Incentive Plan for options originally issued under the 2005 Incentive Plan.
- (3) This table excludes an aggregate of 196,272 shares issuable upon exercise of outstanding options we assumed in connection with various acquisition transactions. The per share weighted average exercise price of the excluded options is \$21.81. Set forth below under the heading "Non-Shareholder Approved Plans" is a description of the material terms of our Life Sciences Incentive Plan, which we assumed in connection with our November 2001 acquisition of Packard BioScience Company. This table includes the options outstanding and shares available for issuance under our Life Sciences Incentive Plan.

Non-Shareholder Approved Plans

Life Sciences Incentive Plan

We assumed the Life Sciences Incentive Plan when we acquired Packard BioScience Company. The Life Sciences Incentive plan, our 2001 Incentive Plan and our 2005 Incentive Plan are the only three plans from which we continue to make grants. The 2001 and 2005 plans were approved by our shareholders; the Life Sciences Plan was not. For more information about our 2001 and 2005 Incentive Plans, please see "Components of the Executive Officer Compensation Program" above.

Shares Subject to Plan: A maximum of 2,322,606 shares in the Life Sciences Plan, as adjusted, were approved by the shareholders of the Packard BioScience Company for awards under the plan. We have made and will make appropriate adjustments to the shares subject to these plans and to outstanding awards upon a stock dividend, stock split, reverse stock split, recapitalization, combination, reclassification or similar change in our capital structure. To the extent that any outstanding option under the Life Sciences Plan expires or terminates prior to exercise in full, or if shares issued upon exercise of an option or pursuant to a stock issuance are

[Table of Contents](#)

repurchased by us, the shares of common stock for which such option is not exercised, or the repurchased shares, are returned to the Life Sciences Plan and become available for future grant.

Eligibility: Our employees, excluding officers and directors, and any individuals who have accepted an offer of employment, are eligible to be granted options or awards under the Life Sciences Plan.

Administration: The Life Sciences Plan is administered by our board of directors. The board has the authority to grant options and awards and to adopt, amend and repeal administrative rules, guidelines and practices. The board may delegate any or all of its powers under the Life Sciences Plan to one or more committees of the board.

Terms and Conditions: Under the Life Sciences Plan, the board may grant options to purchase common stock and determine the number of shares to be covered by each option, the exercise price, and the conditions and limitations applicable to the exercise of each option. The exercise price at the time of option grant may not be less than 100% of the fair market value of the common stock at the time the option is granted. The option term cannot exceed 10 years.

Adjustments for Changes in Common Stock and Certain Other Events: Under the Life Sciences Plan, in the event of our proposed liquidation or dissolution, the board will provide that all then unexercised options will become exercisable in full and terminate effective upon the liquidation or dissolution, except to the extent exercised before the effective date. The board may specify the effect of a liquidation or dissolution on any award granted under the plans. In the event of an acquisition, defined as any merger or consolidation of PerkinElmer with or into another entity as a result of which our common stock is converted into or exchanged for the right to receive cash, securities or other property or any exchange of shares of PerkinElmer for cash, securities or other property pursuant to a statutory share exchange transaction, the board will provide that all outstanding options will be assumed, or equivalent options will be substituted, by the acquiring or succeeding corporation. If the acquiring or succeeding corporation does not agree to assume, or substitute for the options, the board will provide that unexercised options will become exercisable in full as of a specified time prior to the event.

Amendment: The board may at any time amend, suspend or terminate the plans.

Other Plans

We granted options to our Chief Executive Officer in January 1999 under a plan that was not approved by our shareholders.

Shares Subject to the Plan: A maximum of 900,000 shares in the plan were approved for awards under the plan. Appropriate adjustments will be made to the shares subject to options outstanding under the plan upon a stock dividend, stock split, reverse stock split, recapitalization, combination, reclassification, or similar change in our capital structure. The options granted to our Chief Executive Officer were the sole awards authorized for grant under the plan. No additional grants may be made under the plan.

Administration: The plan is administered by our board of directors. The board has the authority to adopt, amend and repeal administrative rules, guidelines and practices. The board may delegate any or all of its powers under the plan to one or more committees of the board.

Terms and conditions: We made two option grants totaling 900,000 shares to our Chief Executive Officer under this plan. The first grant was made on January 8, 1998, for 400,000 shares with a per share exercise price of \$10.59 and an expiration date in January 2008. The option vested in full in January 2001. The second grant was made on January 20, 1999, for 500,000 shares with a per share exercise price of \$13.63 and an expiration date in January 2009. The option vested in full in January 2000. Vesting of the second option accelerated based on satisfaction of the performance target of 50% cumulative growth in our earnings per share within two (2) years or less over the base year 1998, adjusted for the effects of acquisitions and divestitures. In each case, the option exercise price represented the fair market price of the stock on the date of grant. Upon the death or total disability of the optionee, he or his estate has one year to exercise vested options. Upon retirement at a PerkinElmer-recognized retirement age, the optionee has the earlier of three (3) years or January 2009 to exercise vested options. PROPOSAL NO. 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

On January 24, 2007, our audit committee selected the firm of Deloitte & Touche LLP, independent public accountants, to act as our auditors and to audit the books of PerkinElmer and its subsidiaries for the 2007 fiscal year, which ends on December 30, 2007. Deloitte & Touche LLP is currently performing these duties and has done so continuously since we retained its services on June 20, 2002 to serve as our independent auditors for the 2002 fiscal year. Although shareholder approval of the selection of Deloitte & Touche LLP is not required by law or NYSE rules, our board of directors, upon the recommendation of the audit committee, believes it is advisable and has decided to give our shareholders the opportunity to ratify this selection. If this proposal is not approved by our shareholders at the meeting, our audit committee will reconsider its selection of Deloitte & Touche LLP.

We expect representatives of Deloitte & Touche LLP to be present at the meeting. The representatives will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions from shareholders.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP TO SERVE AS OUR INDEPENDENT AUDITORS FOR THE CURRENT FISCAL YEAR.

PROPOSAL NO. 3

TO APPROVE AMENDMENTS TO THE COMPANY’S ARTICLES OF ORGANIZATION AND BY-LAWS TO REQUIRE A MAJORITY VOTE FOR UNCONTESTED ELECTIONS OF DIRECTORS

The company’s board of directors recommends that its shareholders approve the company’s proposal to amend its Articles of Organization and By-laws to require that a candidate in an uncontested election for director will be elected as a director only if the votes cast for his or her election exceed the votes cast against his or her election. In contested elections, the vote standard would continue to be a plurality of votes cast.

Current Standard

Massachusetts law provides that, unless otherwise specified in a company’s Articles of Organization or By-laws, directors are elected by a plurality of the votes cast. The company’s By-laws today include this plurality standard for elections of directors by shareholders, so a director nominee with the most votes cast in his or her favor is elected, notwithstanding any withheld votes.

Description of Proposed Amendments

The proposed amendments to the company’s Articles of Organization and By-laws to implement majority voting are set forth in Appendix B to this proxy statement. The amendment to the company’s Articles of Organization is an enabling provision, which permits the amendment of the By-laws that implements the majority vote standard in director elections other than contested elections.

If these amendments of the Articles of Organization and By-laws are not approved, the existing plurality vote standard in the By-laws will remain in effect.

Reasons for Recommendation

Shareholders of many public companies have recently urged that directors be required to receive a majority of the votes cast in favor of their election, rather than be elected under the plurality voting standard. In response, a number of public companies have recently adopted charter or by-law provisions requiring a majority vote standard, or a by-law or policy requiring a director who does not receive such a majority to submit his or her resignation from the board. Such a post-election resignation policy or by-law is designed to address what happens to a director who failed to receive sufficient votes for re-election but who, under state law, would otherwise remain in office until his or her successor is elected at the next annual meeting.

[Table of Contents](#)

To be responsive to the desires of our investors, the board of directors of the company recommends that the company's shareholders vote in favor of the proposed amendments to the company's Articles of Organization and By-laws set forth in this proxy statement to implement a majority voting standard.

The board is aware that a plurality standard would provide greater certainty that the annual election of directors by shareholders will result in a full board of directors, and that the proposed change to a majority voting standard would not have had any effect on the company's election of directors in the recent past because director nominees have received votes exceeding a majority of the votes cast. However, the board believes that a majority voting standard for uncontested director elections will give shareholders a significant voice in and responsibility for the election of the company's directors, and believes that the company should take a leadership role in promoting best practices in corporate governance. The board also recognizes that a majority voting standard will result in only directors with broad acceptability being elected and may enhance the accountability of each board member to the shareholders. As a result, the company's board of directors has determined that a majority vote standard in uncontested elections for directors would be in the best interest of the company.

Effectiveness of Amendments

If approved, the amendment of the company's Articles of Organization will become effective upon the filing of Articles of Amendment to the company's Articles of Organization with the Secretary of State of Massachusetts. The company would make that filing promptly after approval of this proposal at the 2007 annual meeting. The amendment of the company's By-laws would be effective at the same time. The new majority vote standard would then be applicable to the election of the company's directors at the 2008 annual meeting (if uncontested) and to any earlier uncontested election of directors occurring after these amendments become effective. If the proposed amendments to the company's Articles of Organization and By-laws are approved, the Board also will make minor conforming changes to the resignation policy.

Vote Required

This proposal to amend the company's Articles of Organization and the By-laws must be approved by the holders of two-thirds of the outstanding shares of common stock present in person or represented by proxy at the meeting. Abstentions from voting and broker non-votes will have the effect of a vote against this proposal.

The Board of Directors urges you to vote FOR this proposal.

PROPOSAL NO. 4
SHAREHOLDER PROPOSAL

The International Brotherhood of Electrical Workers' Pension Fund (IBEW PBF), 900 Seventh Street, NW, Washington, DC, 20001, holder of 2,829 shares of our common stock, has submitted the following resolution for adoption at the meeting.

Pay-for-Superior-Performance Proposal

RESOLVED: That the shareholders of PerkinElmer, Inc. ("Company") request that the Board of Director's Executive Compensation Committee establish a pay-for-superior-performance standard in the Company's executive compensation plan for senior executives ("Plan"), by incorporating the following principles into the Plan:

1. The annual incentive or bonus component of the Plan should utilize defined financial performance criteria that can be benchmarked against a disclosed peer group of companies, and provide that an annual bonus is awarded only when the Company's performance exceeds its peers' median or mean performance on the selected financial criteria;
2. The long-term compensation component of the Plan should utilize defined financial and/or stock price performance criteria that can be benchmarked against a disclosed peer group of companies. Options, restricted shares, or other equity or non-equity compensation used in the Plan should be structured so that compensation is received only when the Company's performance exceeds its peers' median or mean performance on the selected financial and stock price performance criteria; and
3. Plan disclosure should be sufficient to allow shareholders to determine and monitor the pay and performance correlation established in the Plan.

SUPPORTING STATEMENT FROM THE IBEW PBF

We feel it is imperative that compensation plans for senior executives be designed and implemented to promote long-term corporate value. A critical design feature of a well-conceived executive compensation plan is a close correlation between the level of pay and the level of corporate performance relative to industry peers. We believe the failure to tie executive compensation to superior corporate performance; that is, performance exceeding peer group performance, has fueled the escalation of executive compensation and detracted from the goal of enhancing long-term corporate value.

We believe that common compensation practices have contributed to excessive executive compensation. Compensation committees typically target senior executive total compensation at the median level of a selected peer group, then they design any annual and long-term incentive plan performance criteria and benchmarks to deliver a significant portion of the total compensation target regardless of the company's performance relative to its peers. High total compensation targets combined with less than rigorous performance benchmarks yield a pattern of superior-pay-for-average-performance. The problem is exacerbated when companies include annual bonus payments among earnings used to calculate supplemental executive retirement plan (SERP) benefit levels, guaranteeing excessive levels of lifetime income through inflated pension payments.

We believe the Company's Plan fails to promote the pay-for-superior-performance principle. Our Proposal offers a straightforward solution: The Compensation Committee should establish and disclose financial and stock price performance criteria and set peer group-related performance benchmarks that permit awards or payouts in its annual and long-term incentive compensation plans only when the Company's performance exceeds the median of its peer group. A senior executive compensation plan based on sound pay-for-superior-performance principles will help moderate excessive executive compensation and create competitive compensation incentives that will focus senior executives on building sustainable long-term corporate value.

We urge you to vote FOR this resolution.

PERKINELMER'S STATEMENT IN OPPOSITION TO SHAREHOLDER PROPOSAL

Your board of directors opposes this proposal because it is too restrictive, unnecessary and not in the best interests of PerkinElmer or its shareholders. The board of directors and the compensation and benefits committee of the board, firmly believes that compensation plans should be designed and implemented to promote long-term shareholder value creation with market-based competitive pay levels. This philosophy is a central, guiding principle of our executive officer compensation program.

- PerkinElmer maintains a pay-for-performance compensation philosophy. Our executive incentive programs are designed to pay based on achievement of specific and measurable performance targets.
- The board evaluates executive target compensation levels and company performance in comparison to peer companies' annually. Our programs are targeted to pay above peer and market median levels only when performance exceeds target objectives.
- We believe that the performance measures and targets used for PerkinElmer executive compensation programs should be aligned to PerkinElmer's specific short- and long-term business objectives, which may be different from those published by our competitors.
- It is important that the board retain the ability to exercise judgment in the development and administration of executive compensation.

Our board and our compensation and benefits committee strongly believe in tying executive compensation to performance. Consistent with this pay-for-performance philosophy, the committee has structured an executive compensation program under which the majority of pay is performance-based. Base salaries are set at market levels. The cash bonus program pays out based on the achievement of revenue growth, earnings per share and cash flow targets, as well as performance against non-financial goals. The long-term incentive program consists of stock options, restricted stock with performance-based vesting, and performance units. Stock options are granted at fair market value and only deliver value to the executive if the stock price rises. Restricted shares vest only upon the achievement of specific earnings per share growth targets. The performance unit payments are tied to both stock price growth and the achievement of earnings per share, cash flow, net margin, and revenue growth targets. As a result, if the company fails to achieve its goals, PerkinElmer's executives will not receive a significant portion of their target compensation.

As further described in the Compensation Discussion & Analysis portion of this proxy statement, the committee structures our executive compensation programs so that an executive's compensation exceeds median levels for peer companies and the market only when the company's and the executive's performance exceeds target objectives. Working with its independent advisors, the committee annually reviews each executive's pay and assigns the executive a target pay level that approximates peer company median levels for comparable positions. Above-median pay levels can only be achieved when performance exceeds target objectives and pay levels will fall below peer and market median when results are below target.

Our board and the committee agree with the International Brotherhood of Electrical Workers' Pension Benefit Fund that benchmarking financial and stock price performance against peer companies can be a useful metric for evaluating executive performance. The committee annually evaluates company performance against peer company performance over a number of financial measures including stock price performance.

However, the board and the committee strongly disagree with the International Brotherhood of Electrical Workers' Pension Benefit Fund's proposition that performance objectives that represent strong and superior performance should only be defined in relation to peer performance. We believe that the International Brotherhood of Electrical Workers' Pension Benefit Fund's proposal would significantly restrict the board and the committee in selecting performance measures and defining performance objectives that support the achievement of the company's short and long-term business strategy and, ultimately, long-term shareholder value creation. The board and the committee believe a wide range of performance metrics should be considered, not just those capable of being benchmarked against our peers. Additionally, peer performance levels may not always be an accurate measure of our company's performance levels. That is to say, given the unique characteristics of our business, or other external factors which could disproportionately impact our company (or, conversely, our peers),

[Table of Contents](#)

what is strong performance by any absolute measure could be inappropriately and unduly characterized as weak or superior performance relative to peers. The committee also believes that no other company or group of companies will ever be perfectly comparable to our company, and there could be situations where, in the judgment of our board and the committee, our company is performing favorably compared to competitors and yet, because of portions of their businesses that are not comparable or other external factors, the performance of these companies is in absolute terms superior to ours. We believe that it is critical that our board and the committee retain the ability to exercise judgment in circumstances such as these, so that our executives are appropriately motivated and fairly compensated.

OUR BOARD OF DIRECTORS BELIEVES THAT THIS PROPOSAL IS NOT IN THE BEST INTEREST OF PERKINELMER AND OUR SHAREHOLDERS. THEREFORE, OUR BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THE APPROVAL OF THIS PROPOSAL.

OTHER MATTERS

Our board of directors does not know of any other business to be presented for consideration at the meeting other than that described above. However, if any other business should come before the meeting, it is the intention of the persons named in the proxy to vote, or otherwise act, in accordance with their judgment on such matters.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and 10% shareholders to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. Executive officers, directors and 10% shareholders are required by SEC regulations to furnish PerkinElmer with copies of all Section 16(a) reports they file. Based on a review of the copies of reports and written representations from our executive officers and directors, we believe that during fiscal 2006 our executive officers, directors and 10% shareholders have complied with all Section 16(a) filing requirements.

**SHAREHOLDER PROPOSALS
FOR 2008 ANNUAL MEETING OF SHAREHOLDERS**

In order to be considered for addition to the agenda for the 2008 annual meeting of shareholders and to be included in the proxy statement and form of proxy, shareholder proposals should be addressed to the Secretary of PerkinElmer and must be received at our corporate offices at 940 Winter Street, Waltham, Massachusetts 02451 no later than November 1, 2007.

Shareholders who wish to nominate a director for election at the 2008 annual meeting should notify PerkinElmer no later than February 1, 2008 or such nomination will not be timely. If our annual meeting is held earlier than April 4, 2008 or has not been held by June 23, 2008, then shareholders should send notice to us no later than the 75th day before the annual meeting or the seventh day after the day notice of the date of the meeting is mailed or made public, whichever occurs first. Our By-laws specify the information the notice should contain to be effective.

Shareholders who wish to present a proposal at the 2008 annual meeting – other than one that will be included in our proxy materials – should send notice to PerkinElmer by January 1, 2008. If a shareholder proposal is not submitted by this date and it is properly brought before the 2008 annual meeting, we may exercise voting discretion to vote the proxies that the board of directors solicits for the 2008 annual meeting on such shareholder proposal in accordance with our best judgment. If a shareholder makes a timely notification, the people we name as proxies may still exercise discretionary voting authority under circumstances consistent with the proxy rules of the Securities and Exchange Commission. The corresponding proposal submission date for the 2007 annual meeting was February 1, 2007. We have discretionary authority to vote the proxies that the board of directors solicits for the 2007 annual meeting on any shareholder proposals properly brought before the 2007 annual meeting with respect to which PerkinElmer was not notified by that date.

By Order of the Board of Directors,

GREGORY L. SUMME
Chief Executive Officer and President
