PerkinElmer Presents Latest Analytical Innovations at HET Instrument 2012

What: PerkinElmer experts will share innovative solutions at HET Instrument 2012 that provide scientists with the tools they need to successfully analyze a broad range of environmental, food, pharmaceutical and industrial samples. The instruments, informatics and services on display include:

Instruments

- [Atomic Absorption](#)
- [Columns, Consumables and Accessories](#)
- [GC, GC/MS](#),
- [HPLC/UPHLC, LC/MS](#)
- [ICP-OES, ICP-MS](#)
- Infrared ([FTIR](#) & [FT-NIR](#))
- [Thermal and Elemental Analysis](#)
- [TOF MS](#)
- [UV/Vis & UV/Vis/NIR](#)

Informatics

- [ChemBioOffice](#)
- [E-Notebook](#)

Services

- [Asset Management](#)
- [Laboratory Multi-vendor Instrument Service and Repair](#)
- [Training](#)
- [Laboratory Relocation](#)
- [Qualification and Validation](#)
- [Scientific IT Services](#)

Where: Amsterdam RAI
Booth 1E102 Hall 1
Europaplein 22
1072 GZ Amsterdam

When: Tuesday, September 25 to Friday, September 28, 2012.

Why: Participation in the HET Conference affords attendees the opportunity to meet in person with knowledgeable PerkinElmer experts to discuss and evaluate critical analytical solutions offered by PerkinElmer such as instrumentation, consumables and laboratory services. Visit PerkinElmer's booth to learn how these solutions enable customers to get the results and insights they need to make better decisions that help advance their critical work.

Media Contact: If interested in scheduling a one-on-one conversation with a PerkinElmer expert in a particular product or application area;

Amanda Lazaro Connolly
Edelman (On behalf of PerkinElmer, Inc.)
