## PerkinElmer Hosts Next Generation Sequencing and BioBanking User Group Meeting

- What:** PerkinElmer is bringing together [Next Generation Sequencing](#) (NGS) instrument users and respected members of the scientific community to learn and share the latest NGS and BioBanking techniques and applications. During the meeting, attendees will be able to participate in an interactive workshop to gain insights on the processes within NGS and biobanking laboratory workflow including; specimen collection, [sample preparation](#), [automation](#), [sequencing](#), storage and [informatics](#). To register to attend, contact Andrea Feher at [andrea.feher@perkinelmer.com](mailto:andrea.feher@perkinelmer.com) or (203) 402-1994.
- Who:** NGS instruments users will be participating from a variety of organizations including Rutgers University, DNA Genotek Inc, Hamilton Storage, and PerkinElmer.
- Where:** Rutgers, The State University of New Jersey  
Human Genetics Institute  
Life Sciences Building  
145 Bevier Rd  
Piscataway, NJ 08854
- When:** Thursday, October 18, 2012 8:00am - 7:00pm EDT
- Why:** Participation in the user group meeting affords attendees the opportunity to share and gain insights from like-minded NGS experts as well as learn about the newest R&D developments in sample preparation technologies for detection, identification, and diagnostics applications.
- Media Contact:** If you are a member of the media interested in scheduling a one-on-one conversation with a PerkinElmer NGS expert, please contact:
